

SWCC Winter Retreat 2018-19 Adult Staff Release Form
Jan 3rd 2019 – Jan 4th, 2019 HEB Camp, Leakey, TX

The Southwest church of Christ is happy to sponsor various youth events. We feel they are necessary to the spiritual growth of our young people. God has blessed us with the ability to host these events. However, because so many youth come from so many areas, we are not equipped to supply all of the volunteers necessary to accommodate the youth. Therefore, we must obtain that help from outside our own congregation.

Adult Staff are expected to be spiritually mature, responsible, and flexible. Because we typically have participating young people from many different congregations, you may not necessarily be with the group you bring. There must be at least one adult supervisor for every ten (10) youth at the retreat. We ask for and expect your cooperation in emphasizing Biblical principles during the retreat, including enforcing modesty in dress, speech, and behavior.

We appreciate you registering your info online. Also, each adult will need to fill out this separate release form and send it in with your payment. We appreciate your help and cooperation.

Authorization for Medical Treatment

In the event that I become ill or are injured while at the camp I authorize the camp nurse or an individual under the direction of the camp nurse to provide necessary care to me. I recognize that the care may include basic first aid, administration of medications (i.e. labeled prescription medications and appropriate over-the-counter medications including, but not limited to acetaminophen, ibuprofen, Pepto-Bismol) and more advanced care if necessary. I further authorize the camp nurse or designated individual to seek further medical treatment when and where appropriate and to release appropriate medical information regarding my care to individuals providing medical care or third party payers.

I have provided to the camp nurse appropriate medical information including known allergies, medical history and currently prescribed medications and treatments.
